MULTI-TIERED SYSTEM OF SUPPORT

MTSS

ALL MEANS ALL

Multi Tiered Systems of Support

MTSS

Multi-tiered System of Support (MTSS) is an integrated, comprehensive framework that aligns **academic**, **behavioral**, and **social-emotional learning** in a fully integrated system of support for the benefit of all students. MTSS offers the potential to create needed systemic change through intentional design and redesign of services and supports to quickly identify and match to the needs of all students.

MTSS Core Features

- **Effective teams** that include school and community data
- **Data-based** decision making that include school data beyond ODRs and community data
- Formal processes for the selection & implementation of **evidence-based practices** (EBP) across tiers with team decision making
- **Early access** through use of comprehensive screening, which includes internalizing and externalizing needs
- Rigorous **progress-monitoring** for both fidelity & effectiveness of all interventions regardless of who delivers
- Ongoing **coaching** at both the systems & practices level for both school and community employed professionals

Academic

- First Best Instruction
- Targeted Small Group Instruction
- Data Driven Decisions
- Teacher Clarity
- Kagan Cooperative Learning Structures

Academic Highlight: Opportunity Hour

- PLC: Professional Learning Community
- Data Driven
- 30 mins. once/week
- ~50 students in groups <3 students
- >70% double/triple growth on MAPs

Behavioral

- Elementary: Character Counts
- Secondary: Character Education
- Expectations and Reteaching
- Play groups
- Consistency among aides

Social-Emotional Learning

- School Psychologist
- School Social Work Services
- Social Work Intern
