

# San Pasqual

## Union School District

*The Little School in the Valley*

2016-2017 School Year

### **RE: STUDENT INJURIES AND INSURANCE**

Your child's school district **does not** provide medical insurance coverage for school accidents. This means that you are responsible for the medical bills if your child gets hurt during school activities. We highly recommend that you visit the listed website for coverage options. **Website:** <http://www.coverageforall.org/>.

You can call the school office at (760) 745-4931 extension 1106 for more information.

I understand that the San Pasqual Union School District does not provide medical insurance for the student injuries, but has provided me with a reference matrix for my information.
